
Designer description

Embracing the power of creative expression, Vollgas Studio delivers on *all* fronts.

The inspiring storyteller that lies behind Vollgas Studio is Andrea – a multi-faceted queer artist that celebrates the issues closest to her heart through bright, bold and evocative designs. Earning herself a strong reputation as an illustrator with the power to address poignant topics, Andrea brings sexuality, feminism and body awareness to the forefront of her work. After living in Germany, Hungary and England, Andrea finally settled on calling Zurich her home and draws inspiration from perusing her local markets and watching female-empowering series.

STOP...HAMMER TIME

Sie sehen toll aus, setzen Statements und stecken voller Persönlichkeit: Gallery Walls. Aber wie wird aus der langweiligen, weißen Wand die Bilderwand deiner Träume? Unsere trendaffine Community hat einige wunderschöne Paradebeispiele auf Lager. Hol' dir Inspiration, im besten Falle Motivation – und lass' deine Wände Bände sprechen.

Solution

If my wall could talk, it would say...

Imagine your Insta feed brought to life. Styling your own *gallery walls* gives you the creative freedom to turn a blank canvas into a personal masterpiece. Opt for symmetry and clean lines to convey a modern vibe, or make it truly personal, and breathe life into your walls with your most important snaps and shots. The gallery wall trend is here to stay, but with so many iterations it can be hard to find the right combination for your space, budget and style. Need help getting those creative juices flowing? Be inspired by these beautiful examples from our community - and let your walls do the talking.
